

The Grantsville City Library Board of Trustees needs Friends of the Library!

We are in great need of a Friends of the Library organization that will help the library run smoothly, help with fund-raising, and give of some time to help us having the greatest library in Utah!

Who are the Friends of the Library?

Led by an unpaid volunteer board, the Friends are a group of local citizens who care about our public library. We contribute time, effort and resources to engage the widest possible community. Our mission is to promote and support public library resources and community programs and to create community knowledge, interest and awareness about the Grantsville City Public Library. Your membership in the Friends helps raise money for the library and to promote awareness of up-coming legislation affecting public libraries. The Friends work as advocates for the library as necessary.

The cost to become a member of the Friends of the Grantsville City Library is only \$5.00 per year.

What are the benefits of becoming a Friend?

You can make a long lasting and significant difference for your library through advocacy.

- κ The benefits of becoming a friend include participation in members-only days at each of the twice a year book sales before it is open to the public, for first choice of the many items offered for sale.
- κ Your name will be added to our e-mail list for early announcements of our special events and sales.
- κ Most importantly, however, is the satisfaction of knowing that you are supporting a vital community resource.

How can you help?

There are several opportunities to volunteer:

- κ Sorting books and filling the shelves of the library book shop.
- κ At the book sales-helping customers and helping with purchases.
- κ Serving on committees such as membership and programs.
- κ Serving as an advocate when needed.
- κ Actively promoting membership in the Friends.

If interested, please see John Ingersoll, Library Director, for more information.
